

# California County Administrator Survey 2015 Preliminary Results

September 24, 2015  
CBHDA SAPT+ Committee Meeting

Elise Tran, Darren Urada, Ph.D., Valerie Antonini, MPH,  
Cheryl Teruya, Ph.D., Kate Lovinger, M.S., Howard  
Padwa, Ph.D., June Lim, Ph.D., Richard Rawson, Ph.D.

*UCLA Integrated Substance Abuse Programs*

# Acknowledgements

Support provided by:  
California Department of Health Care Services (DHCS)

**The opinions, findings, and conclusions herein stated are those of the author/presenter and not necessarily those of DHCS or UCLA.**

Thank you to everyone who participated, and to the waiver evaluation advisory group, who provided helpful comments!

# Evaluation Goals

- Evaluate the Organized Delivery System in terms of:
  - Access to care
  - Quality of care
  - Coordination of care
  - Costs (limited)
- Help inform implementation via feedback.

# Administrator Survey

- Baseline Baseline Baseline!
- Developed with feedback from DHCS, administrators, providers from the evaluation advisory group
- Received 44 responses out of 57 (77% response rate)
  - 42 complete, 2 partial

# Survey Topics

- DMC waiver planning
- Access to care
- ASAM Criteria
- Service capacity
- Quality of care
- Coordination and integration
- Services and training

# DMC WAIVER PLANNING

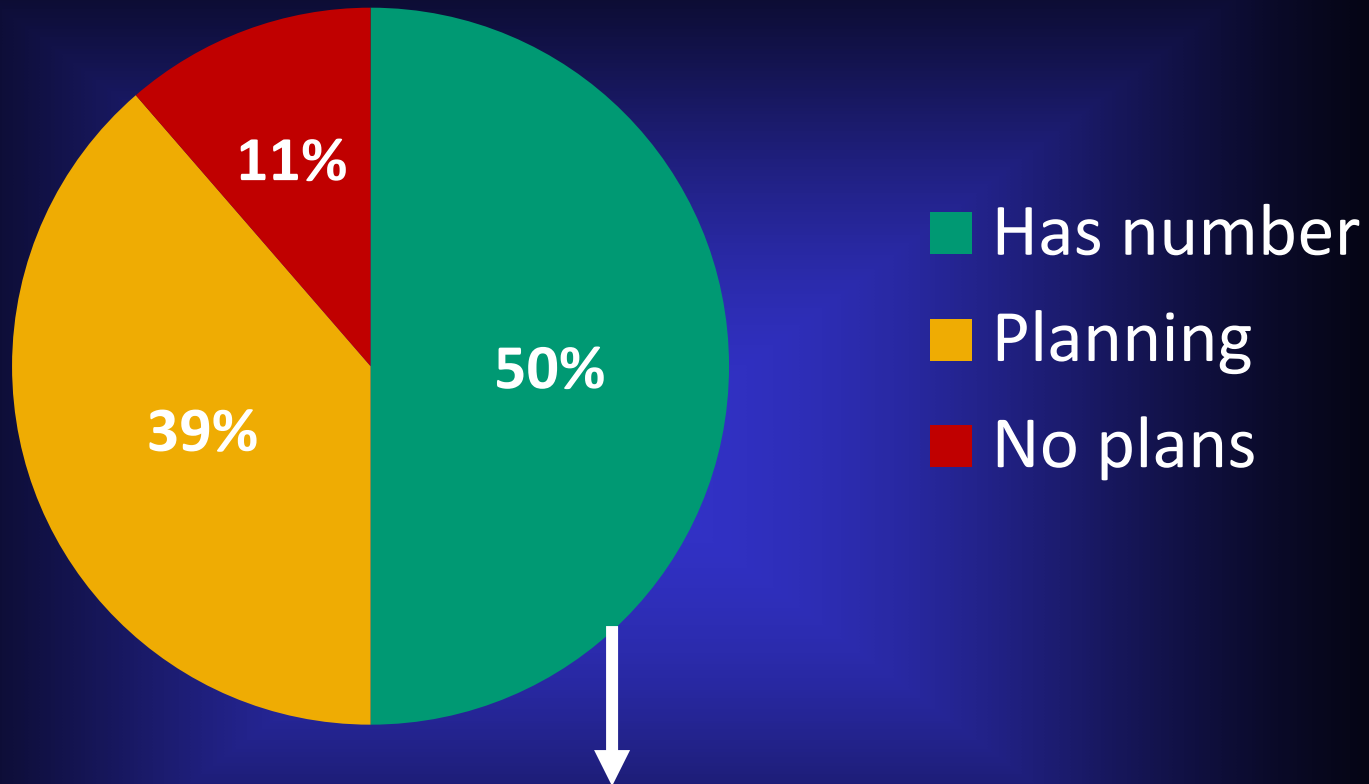

# Does your county intend to opt in to the DMC- ODS Waiver? (n=44)

# ACCESS

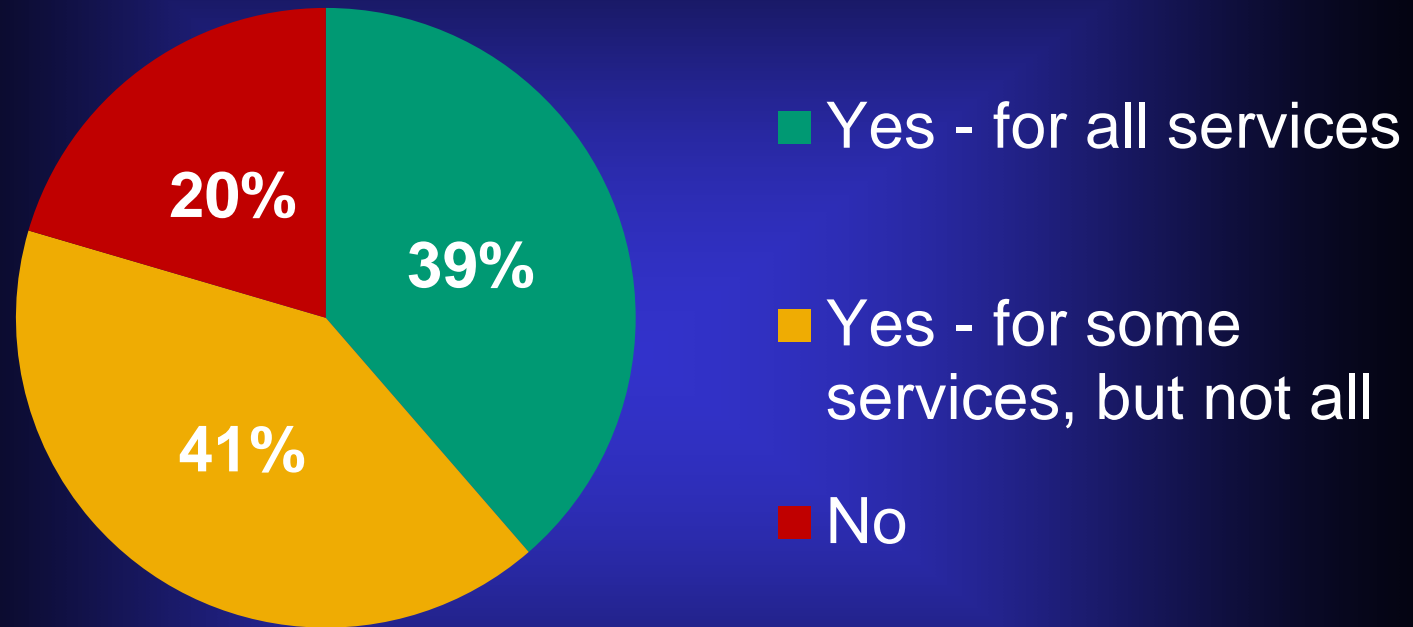

# County has, or plans to have beneficiary access number (n=44)

- All 22 counties with a current beneficiary access number provide services in all threshold languages within the county.

## County has a centralized system for screening and placing clients into treatment (n=44)

- Of the 9 counties without centralized screening and placement, 5 have a standardized process across all treatment providers.

# ASAM CRITERIA

## County collects or plans to collect ASAM data within next year (n=44)

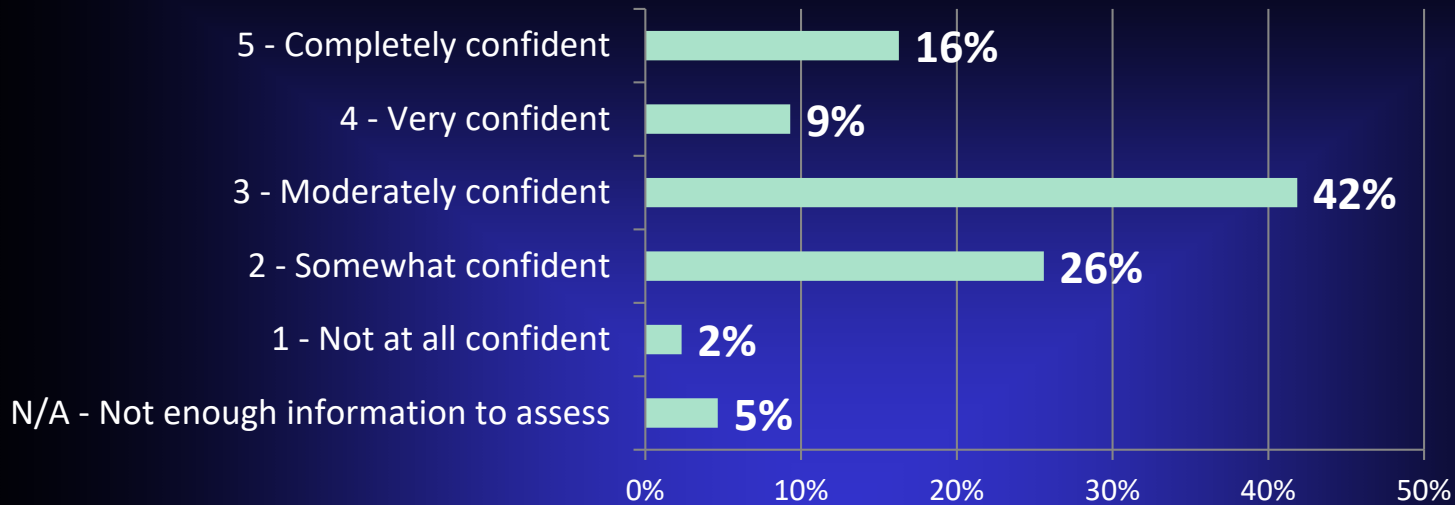

## Current or expected methods to collect ASAM Criteria data for placement and assessment (n=25)

# SERVICE CAPACITY

# How confident are you in the accuracy of the numbers being reported to DATAR for OUTPATIENT treatment in your county? (n=43)

## County maintains other data measuring outpatient tx capacity or amount of currently available treatment slots (n=44)

## County maintains data on the ratio of clients to counselors (n=44)

# Top 3 Challenges in Expanding Capacity

- **Outpatient**

1. Reimbursement rates
2. Facility certification
3. Regulatory requirements (e.g., documentation)
4. Space
5. High upfront investment required/financial risk

- **IOP**

1. Facility certification
2. Reimbursement rates
3. Regulatory requirements (e.g., documentation)
4. Space
5. High upfront investment required/financial risk

- **Residential\***

1. Reimbursement rates
2. High upfront investment required/financial risk
3. Facility certification
4. Space
5. Staff certification/licensing

- **NTP**

1. Facility certification
2. Community opposition (i.e., NIMBY)
3. Staff certification/licensing
4. High upfront investment required/financial risk
5. Regulatory requirements (e.g., documentation)

- **Detox**

1. Reimbursement rates
2. Space
3. Facility certification
4. High upfront investment required/financial risk
5. Staff certification/licensing

\* 49% rated **RESIDENTIAL** as the **MOST CHALLENGING** modality to expand.

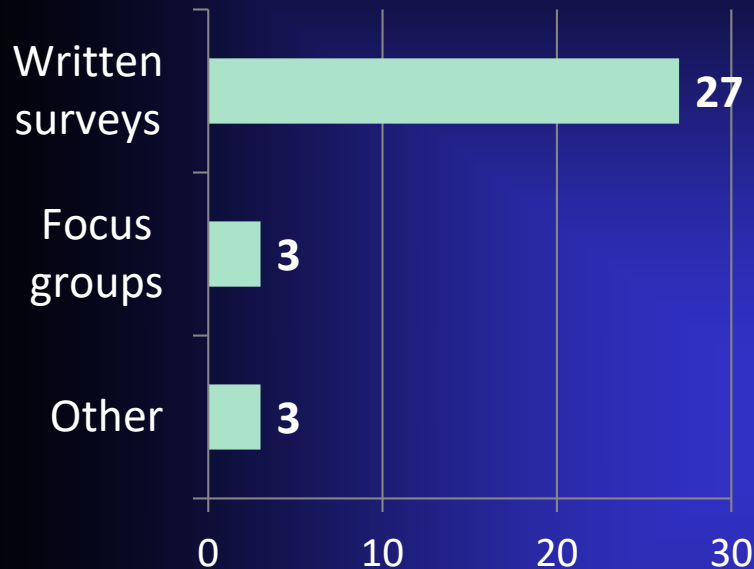

# QUALITY

# Quality Activities

- 27 counties reported currently having a quality improvement committee that includes SUD participation (+16 *plan to*; 1 has no plans)
- 9 counties have a written SUD treatment system quality improvement plan (+31 *plan to*; 4 have no plans)
- 29 counties currently require SUD treatment providers to collect client satisfaction/perceptions of care data (+10 *plan to*; 5 have no plans)

### Methods used to collect client satisfaction data (n=29)

### Minimum frequency of data collection (n=29)

- **What survey is your county using to collect client satisfaction data?**

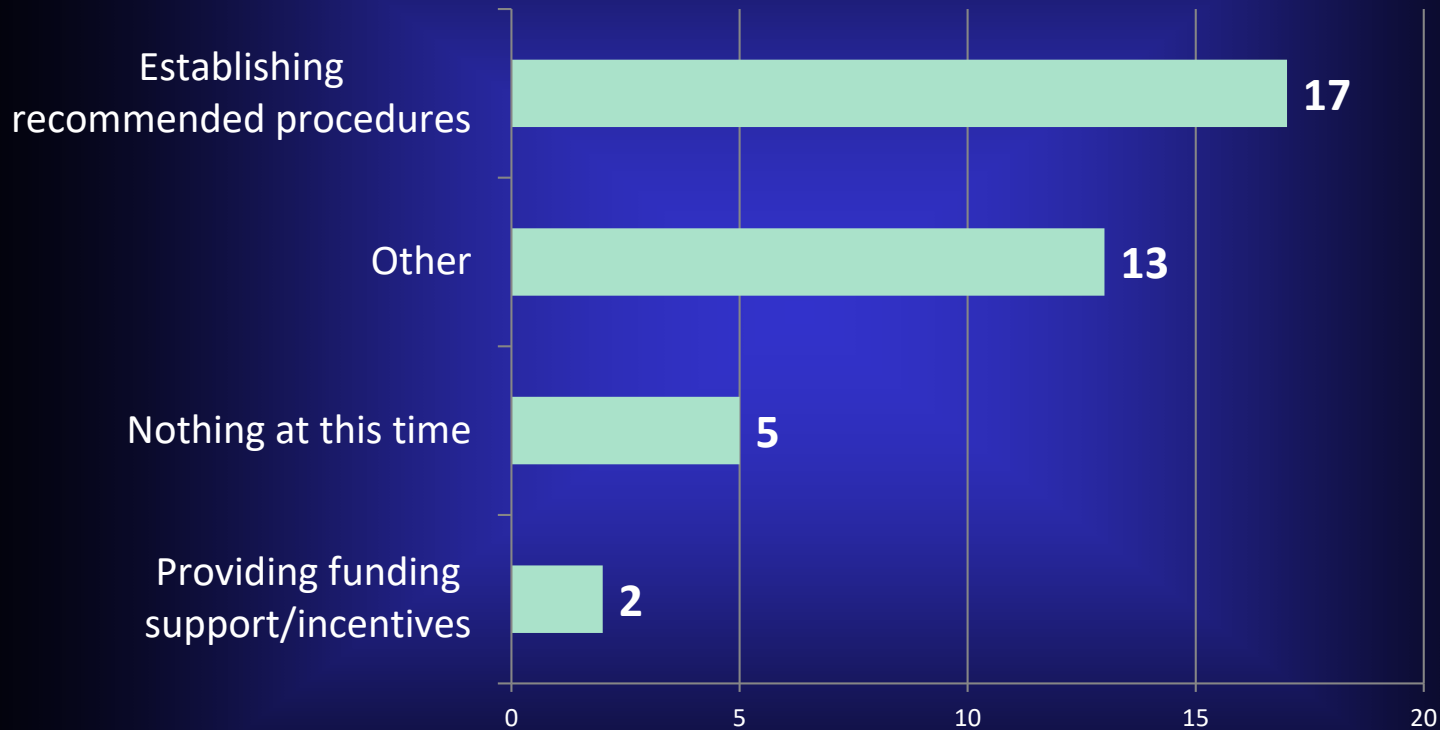

# COORDINATION & INTEGRATION

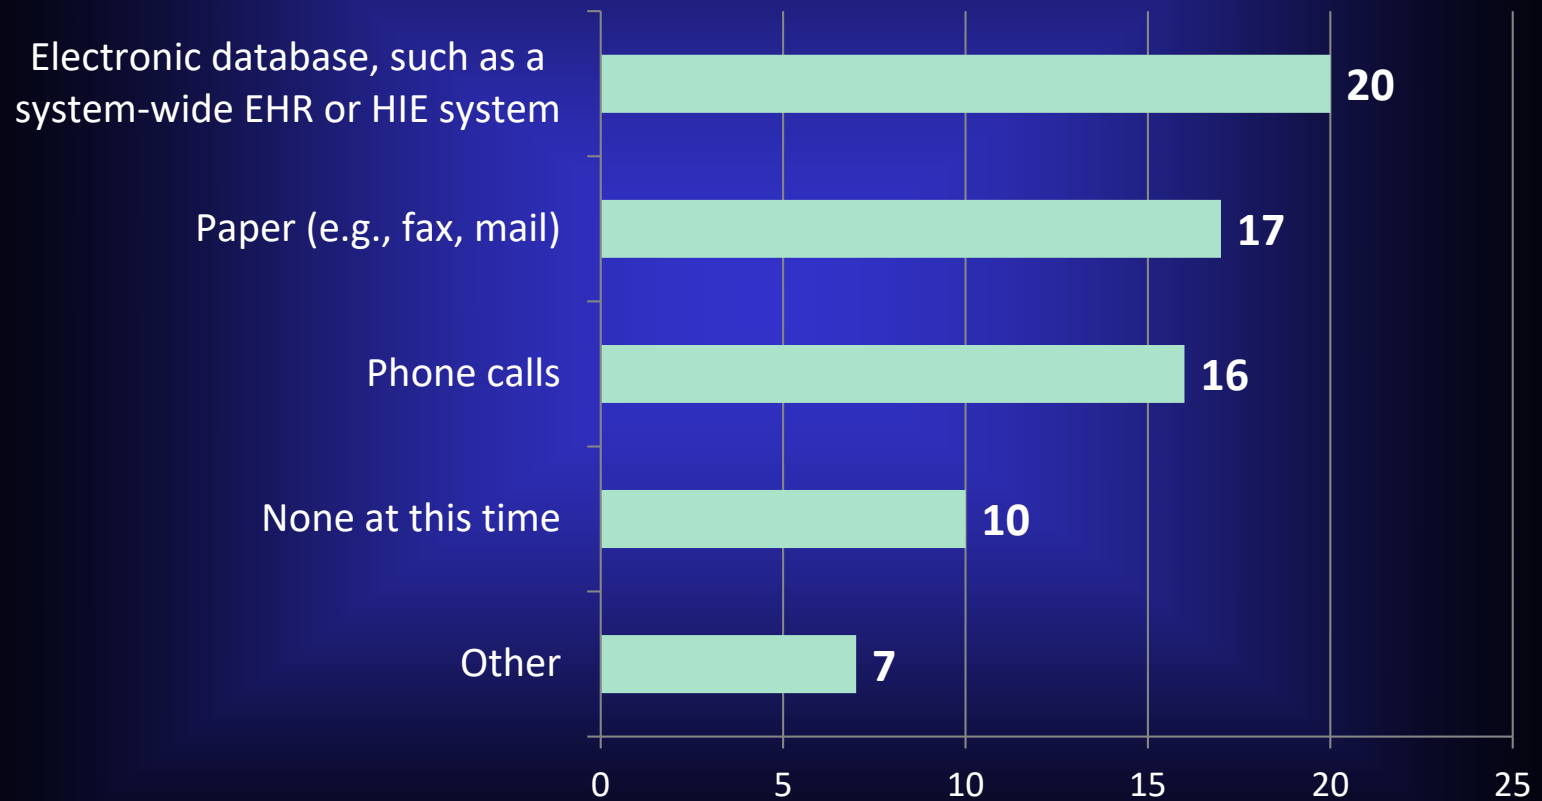

Does your county require SUD providers to establish formal procedures with other SUD providers to facilitate client transfer and information exchange (e.g. MOUs between residential and outpatient providers)? (n=44)

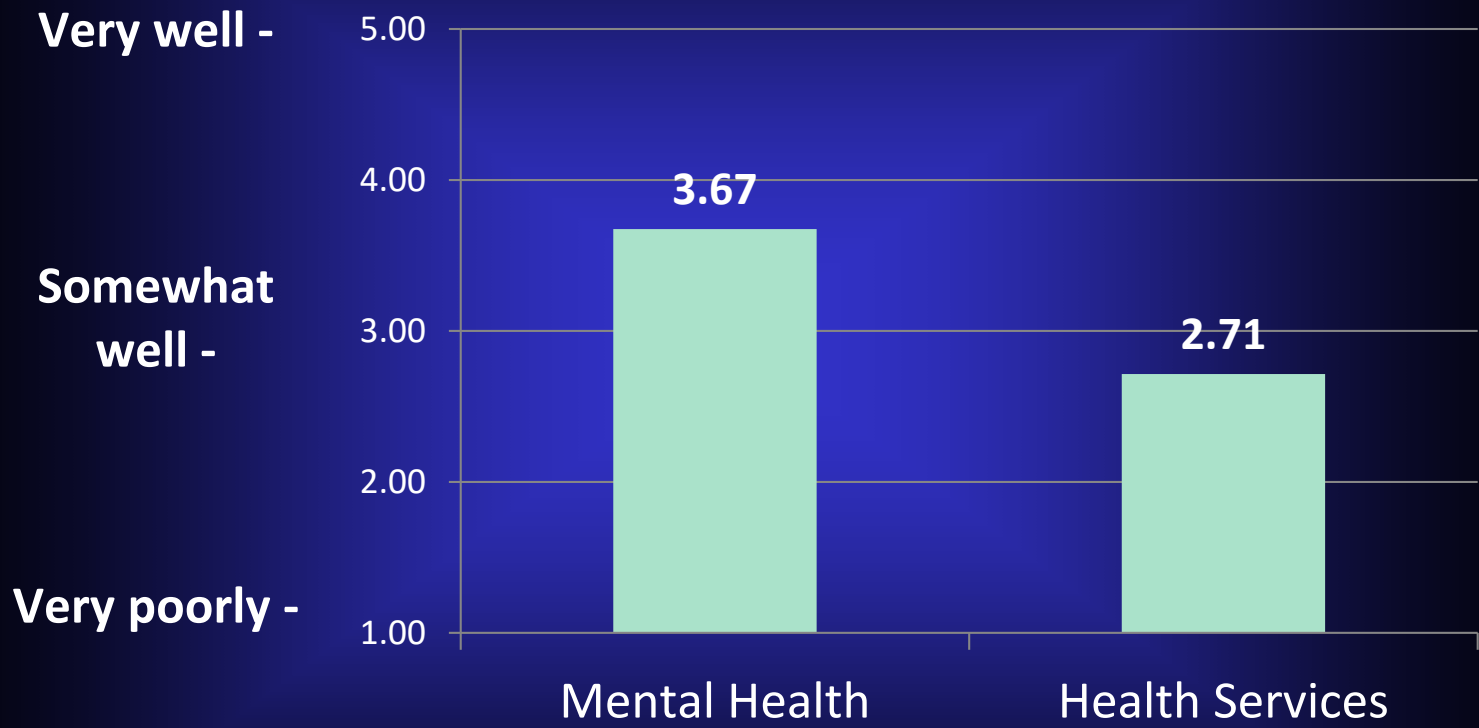

**Counties that DO NOT have requirements:  
Which of the following does your county currently do to  
encourage effective client transfers and information  
exchange between levels of care for SUD? (n=33)**

**What method(s) does your county currently use, if any, to track referrals and client movement within the SUD continuum of care? (n=44)**

How would you rate the degree to which the SUD and \_\_\_\_\_ departments/divisions are integrated in your county? (n=43 and 42)

# Do you think SUD and \_\_\_\_\_ department/division staff meet frequently enough to support an organized and integrated delivery system at the county level?

Mental Health (n=29)

Health Services (n=42)

- What else is needed to support integration in your county?

# Coordination with Medi-Cal Managed Care

- Average reported number of Medi-Cal managed care plans operating in each county is 1.73 (n=37)
- Majority of counties (81%) reported no existing waiver-compliant MOUs for SUD with their Medi-Cal managed care plans
  - 6 counties (19%) have existing waiver-compliant MOUs with at least one Medi-Cal managed care plan in their county
  - 22 counties (59%) have MOUs in discussion or in progress

# Does the county have guidelines or requirements for SUD providers to partner with \_\_\_\_\_ providers? (n=42)

## Mental Health

- Yes
- No, but planning to
- No, no plans to

## Health Services

- Yes
- No, but planning to
- No, no plans to

- If you currently have guidelines or requirements or plan to create them, what do they include?

# SERVICES & TRAINING

# Most Challenging to Implement

	Currently fully available	Currently partially available	Will be available within the next 12 months	Will NOT be available within the next 12 months
	57%	30%	7%	2%
	48%	11%	7%	30%
<b>3</b> →	43%	25%	16%	7%
	39%	32%	11%	14%
<b>2</b> →	25%	34%	11%	25%
	23%	34%	30%	9%
	23%	36%	32%	5%
	20%	14%	50%	11%
	20%	52%	20%	2%
	14%	52%	18%	11%
<b>4</b> →	11%	32%	43%	9%
<b>1</b> →	7%	43%	34%	11%
<b>5</b> →	5%	39%	41%	11%

# Highest Priority Training Areas

1. ASAM assessment and placement
2. Utilization management
3. DMC billing for services

Has preparation for the DMC-ODS waiver facilitated either the establishment of this number or the addition of SUD services to an existing beneficiary access number? (n=39)

Has the waiver positively influenced these quality improvement activities for SUD? (n=42)

Has the waiver positively influenced collaboration across SUD and MH in your county? (n=42)

- Yes
- No

Has the waiver positively influenced communication between SUD and MH in your county? (n=28)

- Yes
- No

**Did the frequency of these meetings increase as a result of the DMC-ODS Waiver? (n=24)**

**Has the waiver positively influenced communication  
between SUD and health services in your county?  
(n=41)**

Did the frequency of these meetings increase as a result of the DMC-ODS Waiver? (n=24)

**Do you anticipate you will shift use of SAPT block grant funds specifically to target any/all of these strategic priorities due to the waiver? (n=40)**

# Questions? Comments?
