Appendix B: Data Access and File Format

Data Access

To access and download your county's survey data and reports, you need access to UCLA's secure Box folder. Please contact Ms. Marylou Gilbert to set up an account at MarylouGilbert@mednet.ucla.edu.

Data File Export Format

Counties using their own technology must convert their survey data to a standard export format before sending them to UCLA (i.e., ASCII text - fixed width). The data must also be left-justified (i.e., a field value should start at the column position specified in the data dictionary and fill in the column spaces from left to right).
