<p>Conference Description</p>	<p> This two-day virtual conference is being held in recognition of National Recovery Month. Our goal for this conference is to bring together mental health substance use disorder treatment providers and prevention specialists to share knowledge and insights to enhance prevention, treatment, and recovery practices of substance use disorders for Pacific Islanders and their communities across the Pacific. The conference will feature four keynote presentations and 24 workshops focused on one of the six tracks: Children and Family, Prevention, Mental Health, Clinical Interventions, Emerging Issues and Populations with Specific Service Needs. This conference will bring critical information to often underserved and hidden populations across the US.</p> <p>For the full agenda, which includes session titles, presenters, descriptions, and learning objectives, please visit: https://uclaisap.org/dmhcod/assets/docs/2021_Full_Agenda_to_Post_2021-09-28.pdf.</p>

<p>Overall Conference Learning Objectives</p>	<p>At the conclusion of the conference, participants should be able to:</p> <ol style="list-style-type: none"> 1. Recall at least two (2) impacts of transformative change and healing. 2. Explore at least two (2) ways to engage adult allies in transforming their schools and communities. 3. Identify two (2) reasons for implementing treatment in a criminal justice element. 4. Recall two (2) ways to apply SUD treatment in the criminal justice system. 5. Identify at least four (4) options for supplying legal cannabis beyond the traditional for-profit approach. 6. Explore at least two (2) ways that legalization can reduce the production and distribution costs of cannabis. 7. Identify two (2) areas of structural racism and their relevance and context in the landscape of current health inequities. 8. Evaluate at least two (2) historical lessons learned from HIV and current lessons learned from COVID pandemic in understanding structural racism in medicine and clinical care.
